Claim 17, for reasons of record, is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. There is no antecedent for "the deformation preventing member" in claim 17 or its parent claim 1. Should claim 17 depend from claim 16?

Claims 1, 3 and 6-16 are allowed. The fuel cell stack, including the recited plurality of multi-cell modules and a restraining member, where the two end cells of each module are dummy cells, each having an extended portion and a conductive separator portion with a protrusion fitted into an opening of the extended portion, is not disclosed by the prior art.

Claim 17 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. If this claim is amended to depend from allowable claim 16, it would likewise be allowable.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
